Pakistan Football Federation Directive

Recently various quarters have made statements in the media / social media about running / starting franchise leagues and / or a women's national league.

Given that Pakistan Football Federation (PFF) is the governing body of Pakistan football (as recognized by FIFA & AFC), any National League (franchise or otherwise) can only be hosted by the PFF. Therefore, no league can be conducted by any entity other than PFF.

If any entity tries to conduct such a league, the same will be illegal and sanctions will follow.

For and on behalf of Pakistan Football Federation,

Manizeh Zainli

General Secretary
Pakistan Football Federation
