OFFICIAL NOTIFICATION FROM PAKISTAN FOOTBALL FEDERATION NORMALIZATION COMMITTEE

This is to advise all stakeholders that FIFA has extended the mandate of the PFF Normalization Committee till December 31, 2020. The PFF NC is committed to ensuring that it completes its mandate within this extended period. For this, the cooperation of all stakeholders is necessary.

However, it has come to light that some former officials / other individuals are spreading false information including through social media questioning the validity of the actions taken by the PFF NC including setting up Provincial / Regional Normalization Committees (PNCs). It may be noted that these PNCs have been validly set up and all earlier Provincial/Regional/District Football Associations (PFA/DFAs) stand dissolved. Former officials or individuals who continue to spread such misinformation are given a last warning that they should desist from doing so, failing which, they are liable to face disciplinary action. Similarly, any former official continuing to hold him/herself out as such, will also be liable to disciplinary action.

Lastly, the former PFA officials are once again called upon to provide the PNCs with the relevant records especially club data no later than May, 30, 2020. Since ample time i.e. over 2 months have elapsed, no further extension will be granted in this regard.
